

06 November 2009

## Young & Outstanding

It is my pleasure to announce that Associate Consultant Dr Gerald Tan from the Department of Urology was awarded the Junior Chamber International's (JCI) The Outstanding Young Persons of Singapore Award (TOYP) 2009 in the Medical Innovation category. A total of 8 JCI TOYP awards were given out at the Istana on 4 November.

The award recognizes individuals between the ages of 21-39 who have made outstanding contributions in their area of expertise. Dr Gerald's contributions will also be submitted to JCI to represent Singapore in The Ten Outstanding Young Persons of the World Award.

Excellent work Gerald! You have done us proud.

*Warmest regards,*

*Suet Wun*
